## Short bio

Katy Igarta is the Los Cabos travel creator behind CaboConKaty. She helps travelers plan smarter, easier Cabo trips with real, on camera experiences.

## Full bio

Katy Igarta is the creator behind CaboConKaty, a travel and lifestyle platform focused entirely on Los Cabos. She shares where to stay, eat and explore in Cabo San Lucas, San José del Cabo and Todos Santos, plus the practical tips that make a first trip feel easy.

Katy splits her time between Cabo San Lucas and Las Vegas, so she knows the trip from both ends. She has also worked as a project manager in the airline industry for more than ten years, which shapes how she explains airports, arrivals and trip planning in plain, friendly language.

Her collaborations include Javier's at Cabo Azul, Ruba's Bakery and Bistro, Biohack Spa, Cabo Airport Shuttle, Cactus Tours, SunRider Tours, Cabo Trek and Baja House in Todos Santos. Every feature is something she experiences herself on camera. Her business manager, Nathan Akers, joins shoots for filming and partnership support.
